

A LEAP FORWARD

in standardized AAV titer determination

NEW!

AAV-6 ELISA

AAV-9 ELISA

- Reliable AAV titer quantification
- Specific recognition of intact AAV-6 or AAV-9 particles
- No cross-reaction with other AAV-serotypes
- low intra- & inter-assay variation

PROGEN
passion for research

NEW!

AAV-6 & AAV-9 ELISAs

SELECT FROM OUR PORTFOLIO OF AAV TITRATION ELISAs!

Product	Cat. No.
AAV-1	PRAAV1
AAV-2	PRATV
AAV-5	PRAAV5
NEW! AAV-6	PRAAV6
AAV-8	PRAAV8
NEW! AAV-9	PRAAV9

PROGEN offers a line of AAV quantification ELISAs for different AAV serotypes (1, 2, 5, 6, 8, & 9), utilizing its portfolio of capsid-specific AAV antibodies. The assays for the determination of rAAV-2 and rAAV-8 titers have been classified as superior method for a reliable, standardized rAAV particle titer quantification.
